Adaptable and collaborative Telecommunication Engineering graduate from Telkom University with a strong commitment to technical problem-solving and organizational leadership. Experienced in academic lab instruction, system environment configuration, and legislative oversight within student governance. Proficient in network tools, virtual environments, and cross-functional team coordination. Eager to leverage a solid technical background and operational leadership to drive innovation in the technology and telecommunications industry.

EDUCATION

Telkom University Bandung Agustus 2022 – Juli 2026

Bachelor, Telecommunication Engineering - **GPA 3.40/4.0**

- Completed a Final Project titled "Audio-Based Student Engagement Detection System," focusing on the development of an automated voice detection and deep learning analysis system for evaluating classroom engagement.
- Implemented ECAPA-TDNN for robust speaker embedding extraction and integrated Faster Whisper for high-speed, accurate speech-to-text transcription and audio segmentation.
- Built and trained a Multi-Layer Perceptron (MLP) neural network in Python to analyze acoustic features, classify engagement metrics, and execute an end-to-end machine learning pipeline.

WORK EXPERIENCE

PT Telkom Infrastruktur Indonesia (Telkom Infra) **Bandung**

Network & Infrastructure Intern June 2025 – August 2025

- Monitored field operations, including new FTTH installations (ODP to ONT), aerial optical cable repairs, and site surveys for temporary cell tower (COMBAT) deployments.
- Assisted in Acceptance Testing for regional network infrastructure and conducted asset inventory audits across Central Office (STO) facilities.
- Utilized Fixed Broadband (FBB) operational systems (KPRO, ACS, CIS, VALIN) for network monitoring and supported routine maintenance of power backup units (generators, rectifiers, and batteries).
- Designed project flowcharts and database mockups for internal tracking tools (SITRACK), delivering final technical reports to division managers.

Multimedia, Big Data and Cyber Security (MBC) Laboratory **Bandung**

Practicum Assistant, Practicum Management Division May 2025 – Maret 2026

- Facilitated comprehensive practical laboratory sessions on Cyber Security and Big Data engineering for undergraduate students.
- Guided students through hands-on technical exercises including virtual machine environment setup, database management, and network troubleshooting.
- Managed daily laboratory operations, assistant shift scheduling, and technical infrastructure maintenance across laboratory divisions.

ORGANIZATION

Himpunan Mahasiswa Teknik Telekomunikasi (HMTT) **Bandung**
First Chairman (Pimpinan I), Dewan Perwakilan Anggota (DPA) June 2025 – Maret 2026

- Directed the student legislative body of HMTT, managing parliamentary governance, institutional statutes, and strategic policy evaluations.
- Supervised executive board operations, budget allocations, and performance metrics across organizational divisions.

Himpunan Mahasiswa Teknik Telekomunikasi (HMTT) **Bandung**
Council Staff, Dewan Perwakilan Anggota (DPA) September 2024 – June 2025

- Audited ongoing executive board work programs and synthesized student feedback to produce quarterly evaluation reports.

GATRAK 2023 **Bandung**
Public Relations Officer & Liaison Officer April 2023 – May 2023

- Managed participant liaison operations, agenda enforcement, and communication streams for incoming engineering students.

Asterisk Event Committee – HMTT **Bandung**
Core Coordinator, Food & Serving Division September 2024 – April 2025

- Managed end-to-end event catering logistics, budget allocation, and vendor procurement for departmental events.

SKILLS

- Soft Skill: Leadership, Strategic Planning, Communication Skills, Problem Solving, Analytical Thinking, Public Speaking, Adaptability, Discipline, Team Collaboration
- Hard Skill: Network Infrastructure, Telecommunication Systems, Machine Learning, Deep Learning, Cyber Security
- Software: Cisco Packet Tracer, VS Code, MATLAB, Virtual Machine (VMware / VirtualBox), Microsoft Office, Python, Linux

---

COURSES & CERTIFICATES

Automation Developer Associate Training **Online**
ui Path Academy September 2025 - Januari 2026

AWS Cloud Practitioner Essentials **Online**
Amazon Web Services (AWS) September 2026
